Technical data

Nominal voltage	230	V AC
Mains frequency	50-60	Hz
Protection degree	IPx4	
Protection class	I	
Power consumption	800	W
Power consumption standby / with heating switched on	0.9 / 5.8	W
Number of shower pressure settings, shower spray	5	
Spray time factory setting	20	s
Flow rate, anal shower	0.9-1.6	l/min
Water temperature factory setting	37	°C
Storage water heater capacity	1.2	l
Operating temperature	10-40	°C
Storage temperature	-10 - +60	°C
Flow pressure range	0.5-10	bar
Maximum load WC seat / WC lid	150	kg
Gross weight	39.5	kg
Net weight	31	kg
Calculated flow rate	0,04	l/s
Flow pressure min.	0.5	bar

Scope of delivery

- Remote control with wall-mounted holder and battery
- Fastening material
- Acoustic insulation set
- Water supply connection set for UP300 / UP320 concealed cistern
- Cable with system plug on device
- System coupling for mains connection
- Geberit AquaClean cleaning set
- Compensation pad for toilet seat
- Spray shield
- Blind plug for WC ceramic appliance

Excluded:
- Mains connection cable
